- 2.3. The Agreement is entered into for an indefinite period. You may at all times terminate the Agreement in writing, by phone or via your personal internet environment, with observance of a notice period of 2 weeks. We are also entitled to terminate the Agreement in which case a 2 months notice period applies.
- 2.4. Once you have terminated the Agreement, the Agreement will remain in force until the moment you have repaid the balance to us in full. Once you have done so, the Agreement will have ended.
- 2.5. We will block your Card when you reach the age of 75. Drawdown of credit will no longer be possible after that.
- 2.6. We may block your Card if your creditworthiness has deteriorated significantly. We are entitled to reassess your creditworthiness in the event of a change to your personal or financial situation.

Article 3. The Spread Payments Facility

- 3.1. The Spread Payments Facility is a form of continuous credit. If we have approved your application, we will confirm the agreed interest rate, the Spending Limit, the APR and the total credit amount to be paid by you. This confirmation forms part of the Agreement and the percentages and amounts become effective the moment the Agreement enters into force.
- 3.2. The APR represents the total credit costs, expressed in an annual percentage of the total credit amount. The APR and the total credit amount to be paid by you have been determined on the basis of the following assumptions: (i) you withdraw the full amount of the Spending Limit in one lump sum, (ii) you repay the full amount of the Spending Limit in twelve monthly instalments, (iii) you pay the Card Fee and (iv) you will not use the Card for any further transactions.

Article 4. Repayment, interest and cancellation of debts

- 4.1. The account statement of your Card specifies the outstanding balance of the Card you have to repay us. You may repay this outstanding balance in instalments, for which we will charge you interest. Each month you must repay us at least 2.5% of the outstanding balance, with a minimum of EUR 20. You must repay us within 21 days after the date of the account statement
- 4.2. The interest is calculated as follows:
 - (a) Interest is charged on each amount charged to the Card. The following amounts may be charged to your Card: payments, cash withdrawals, money transfers and costs such as the Card Fee, Exchange Rates, transaction fees and interest. Interest is charged on payments and cash withdrawals from the date these were made. Interest on transfers and costs is charged from the date of their entry.

- (b) Interest is calculated on a daily basis. This means that the amount of the interest payable may vary from month to month, depending on the number of days in a month. The amount of the interest is equal to the statutory interest for non-commercial transactions (which may be found at www.wetten.overheid.nl, "Besluit wettelijke rente" (Statutory Interest Decree)) plus the maximum number of percentage points as contained in the Besluit kredietvergoeding (Lending Rate Decree) (article 4), which may also be found at www.wetten.overheid.nl. We can also calculate the interest differently, for example if the statutory interest changes or is cancelled. The Dutch government is the controller of the statutory interest. We will inform you in advance if the interest is changed. If interest is charged, the amount of the interest is mentioned on the account statement. We are entitled to charge a lower interest rate.

- (c) Interest will be charged each month. Interest is specified on the account statement as a separate item, but forms part of the outstanding balance.

- 4.3. We will not charge you interest if you repay us the full outstanding balance within 21 days from the date mentioned on the account statement. In that case the interest is waived. To qualify for such a waiver, you should always repay us the outstanding balance specified on an account statement in full.
- 4.4. If you fail to repay us the outstanding balance in full, we will charge interest on the full outstanding balance on that account statement, so including on the part that was repaid to us within 21 days. In that case we will also immediately charge interest on all subsequent amounts charged to your Card. This interest will not be waived. You will re-qualify for a waiver if you have repaid us the outstanding balance on a subsequent account statement in full within 21 days.
- 4.5. We may change the interest rate with immediate effect. We will notify you of this change via the account statement or otherwise.
- 4.6. In case of an arrears in payments we will send you a notice of default with a time limit to pay the amount due. If you fail to pay within the time limit in the notice of default, we will charge you default interest on any outstanding amount. The default interest equals the interest referred to in article 4.2 (b).

- 5.1. We will register this Agreement with BKR.
- 5.2. We are obliged to report arrears in payments to BKR after three months. Such a report may adversely affect your application for a mortgage or other credit facilities.

 - (a) You are in arrears in payments by not repaying the minimum amount due on the account statement for at least 2 months, even after you have received a notice of default.
 - (b) You knowingly provided incorrect information when you entered into the Agreement with us, and we would not have entered into the Agreement under any or the same conditions, if we had had the correct information.
